Conference Offerings	Explanation
Focused Target Sessions for Partners	<ul style="list-style-type: none"> • These are live sessions arranged during breakfast slot (9:00 am to 10:00 am) and Post-Conference Slot (8:00 pm – 9:00 pm) for specified partners. • Each partner will be provided with a separate zoom meeting link. • Partners are free to chose 30 mins of their time from any of the slot; where they can present their company profile / capabilities / product / offering / speaker presentation / panel discussion, live to the audience. • Do note that different partners may have their live sessions running parallelly.
Access to Participant List	This will be sent 1 week before the conference to the partners.
Company Video	Partners should provide ISCR with their company video (2-3 mins) presenting their company information / capabilities / offerings. This video will be played during the specific breaks.
Session Partner	<ul style="list-style-type: none"> • This partner will sponsor the specified session in the specific track during the main conference. • This partner will be finalized on the first come first served basis.
Workshop Partner	This partner will sponsor the entire pre-conference workshop track.
Partner Logo	This will be flashed (30 secs retention) on the virtual back-drop during the specified times.

Note for Session & Workshop Partners

SESSION PARTNER

- ❑ Check the final agenda with detailed list of session and speaker names.
- ❑ Select any one session of your choice (preferably which aligns to company philosophy / capabilities)
- ❑ It could be any one session from the common track on 4th or any of the tracks on 5th March 22
- ❑ Inform info@iscr.org regarding the choice of your session.

WORKSHOP PARTNER

- ❑ Check the agenda
- ❑ Pre-conference workshops are scheduled on 25th and 26th Feb 2022.
- ❑ Select any one workshop which you intend to sponsor
- ❑ Inform info@iscr.org regarding the choice of your workshop.

New Inclusions during the ISCR 15th Annual Conference

- A new partnership category “Patient Centric Theme Partner” introduced considering the theme of this year’s conference – “Clinical research 2.0 : redefining patient centricity through innovation, decentralization and technology”
- Partners are provided with a unique opportunity to interact live with their audience in the “Focused Target Sessions for Partners”, even in the virtual conference set-up. Partners will also have access to participant list.
- Separate registration category introduced for Members / Patients from ‘Patient Advocacy Groups’
- Separate registration category introduced for “Investigators”. All registered investigators will receive complimentary 1 year membership of ISCR along with an opportunity to participate in the Investigator Council.

THANK YOU
