

# Indian Society for Clinical Research

*Presents*

**A workshop on**

**Latest developments in clinical research impacting Clinical Data Management**

**Sarovar Portico Outer Ring Road Bengaluru**

**#39/5, Doddanekkundi, Marathalli Outer Ring Road | Bangalore 560037 | India**

**19th October 2019**

## **Highlights:**

The world of clinical research has been significantly impacted by ever changing technologies. Virtual trials, Big Data, Data Science are prime examples of how technological transformations have created a paradigm shift. These changes will impact all the functions of clinical research including Clinical Data Management. That is why it is critical that we understand the impact of these changes on Clinical Data Management and be ready to embrace the new CDM world. This one-day workshop is designed to enable the participants to gain more insights on changing landscape in clinical research and clinical data management. Participants will be guided through discussions and presentations. In this workshop, the faculty members will cover the following aspects: Data Science, Virtual Trials, Big Data, Technology Transformations, CDM from BIOS perspective, CDM and Clin Ops role merger and thriving in CDM Career.

**Who Should Attend:** Clinical Data Managers, Clinical Data Coders, Clinical Database Programmers and other professionals working with Pharmaceutical Industry or Contract Research Organizations, Research Scholars or Scientists interested in Clinical Research, HealthCare Professionals from Government Agencies, Non-profit Organizations /Associations and Academia, and Medical, Pharmacy, Statistics or Life-science Students or Professionals interested in Clinical Research.

<b>Convener:</b> Rajesh Kher (Janssen)
<b>Scientific Committee:</b> Raghavendra Kalmadi (IQVIA) and Sachin Tonapi (Covance)
