

Greetings from NBM, BIRAC!

The need to strengthen clinical trial capacity within the country has often been highlighted both by clinical researchers and by Indian Industry. Therefore, Department of Biotechnology through its program, National Biopharma Mission (NBM) is encouraging Clinicians, Public health professionals, Epidemiologists and Scientists to apply for Grant (attached advertisement). The Grant-in-Aid is available for the following:

1. Establishing networks of clinical trial sites wherein at least 6-Diabetologists or 6-Ophthalmologists or 6-Rheumatologists or 6-Oncologists working in different hospitals apply together to form one network for their specialty. Further details are in the attached concept note (**Network**) and on BIRAC website (*RFP 1: Establishing Clinical Trial Network*).
2. Studying epidemiology of Dengue and Chikungunya in an established demographic health surveillance site or building a demographic health surveillance site wherein the institute already has field office and community presence. Further details are in the attached concept note (**Epidemiology**) and on BIRAC website (*RFP 2: Studying epidemiology of Dengue and Chikungunya; RFP 3: Establishing DSS/DHS site*).

The Lol can be submitted on-line only on BIRAC's [website](#).

Lol Submission Deadline: 10th October, 2019.

For details please go through the "**Request for Proposals**" (*RFP for establishing Clinical Trial Networks (CTNs) and Strengthening Clinical Trial capacity*). The RFP may also be downloaded from www.birac.nic.in/nationalbiopharmamission.php.

For any further queries you may please contact: Mission Director-NBM at technical.birac@gov.in, Senior Program Manager NBM at nbm1.birac@nic.in, Program Manager - NBM at nbm2.birac@nic.in

Announces call under

NATIONAL BIOPHARMA MISSION

(Funded jointly by Department of Biotechnology and World Bank)

**This Request for Proposals (RFP) is to seek Letter of Intent for
*establishing Clinical Trial Networks (CTNs) and strengthening
Clinical Trial Capacity***

FOCUS OF THE CALL

- RFP 1:** To establish Clinical Trial Networks for hospital-based trials of Diabetology, Ophthalmology, Rheumatology and Oncology
- RFP 2:** To study epidemiology of Dengue & Chikungunya in an existing Demographic Surveillance System (DSS) site and prepare for conduct of GCP compliant clinical trials
- RFP 3:** Establish new DSS sites for geographical representation and to study epidemiology of Dengue and Chikungunya
- RFP 4:** Data Collection and Management: An IT Platform for community-based data collection, analysis and reporting

How to Apply: Letter of Intent to be submitted online only.
Please log on to BIRAC website www.birac.nic.in

Call Opens: 15th August, 2019

Last date for Submission: 10th October, 2019 (2:00 PM)
