

Indian Society for Clinical Research Announces-
Launch of Online Training for Investigators and Research Site Staff
Training for Safety Reporting via SUGAM Portal

Training Details: On February 25, 2021, CDSCO released a notice requesting all stakeholders involved in clinical trials for the online submission of SAE reports through the SUGAM portal (www.cdsconline.gov.in) effective March 14, 2021. CDSCO also released a user manual and video tutorial on their website as a training aid which was timely and beneficial for the stakeholders.

To further this training support and based on the feedback received from key stakeholders (Investigators and Site Staff), ISCR is happy to announce the development and release of simple & intuitive online training for the SUGAM Portal to train site staff from access, reporting, training documentation and troubleshooting perspective.

This training can be accessed on demand and completed at the learner's convenience. It will equip you to remain compliant with the regulatory requirement for SAE reporting. This online training will take approximately 1.5 hours to complete and does not require any specific software or application download.

Once training is completed you will also receive a "**Certificate of Participation**" from ISCR for the same.

Registration Details-

Please use the link for online registration below to register (or) You can also access www.ISCR.org and click the link available on the ICSR website to register.

Once registration is complete and ISCR launches the training you will receive a welcome email from our LMS vendor with your login credentials. Use these credentials to log into the training, please keep your login details confidential and do not share.

Please note that this training is being rolled out only for investigators and site staff who are currently conducting clinical trials in India and any non-site participants will not be provided access for the training.

Registration Fees- None- Complimentary for our investigators and site staff. Registration will be for limited participants only and on first come first basis.

Online Registration: <https://www.iscr.org/events-registrations/>
